În timpul acestei poziții temporare, sarcina mea a fost de a promova sondajul "Ideal Virtual Internship" pe rețelele de socializare și de a convinge studenții, reprezentanții universităților și companiile să participe la acesta. Ca atare, am promovat sondajul prin intermediul mediilor online relevante, cum ar fi social media și forumurile online. Acest lucru a fost realizat prin încorporarea linkului către sondaj în postările pe care le-am scris pentru fiecare dintre platforme.
